

Study Guide for Fundamentals of Ethics

Chapter 19: Global Issues and Globalization

1. State possible reasons for the growing gap between rich and poor nations.
2. Discuss the question of the relative importance of political and civil rights and economical development.
3. Discuss the question of whether richer nations have an obligation to help poorer nations in terms of the following principles: self-interest, justice, rights, and utilitarianism.
4. State the five definitions of "globalization".
5. Evaluate globalization
6. Formulate your own position on these issues.
